YANKEE WIZARD HERE!
Man With the Know How to Sell Goods

Has His Big Knife at Work on Brisco's Stock

THE YANKEE WIZARD, *known* as the best known merchandiser man in the Northwest, a man who has sold more goods than any other man in Canada, has chosen Blairmore for a period of 15 days and is marking goods as he sees fit to raise a large amount of money. This man was for a number of years connected with one of the largest houses in the world and all the time he only had to know his buying habits and selling schemes; knows the ins and outs of retailing and selling. By his skill he can locate the better merchandise for less money than any other man in this country. He always has the interest of the customer at heart. His big sale of the Brisco Stock will bring together the largest crowd of people that ever came to Blairmore. He is the only bargain giver and price cutter as a plan of advertising price will show. The total price will be all gained as he has deposited \$1,000. If everything is not as his advertising states, "Honorable is the secret of my success," says the Yankee Wizard. And it is our honest opinion that gain hunters will do well to go to Brisco's early on.

"The Barrier"

In "The Barrier," the dramatization of Rex Beach's novel of that name, which comes to the opera house, Tues., Nov. 4, the management believes it has a winner which should prove attractive to all theatre-goers. The company presenting this remarkable drama of the gold fields of Alaska includes in its personnel several well known actors. Frank Jenson, who will be seen in the role of John Gale, the flamboyant trader, is an actor of thirty years' experience. For many seasons he played leading parts in several rural comedy-dramas, including, "John Whitehead," "The Village Postmaster," "Way Down East," and many others. More recently, last summer, in fact, Mr. Jenson was identified with the remarkably successful play, "The Rosary," in which he assumed the character of Father Kelly, the lovable priest, in which he scored the greatest success of his career.

Edward Dean, who plays Captain Barrell, the army officer, is a handsome young California actor whose liberal historic attainments have been found to admit admirably the role he portrays in "The Barrier." Carroll Arbuckle may be recognized as many of the old friends in Clyde Fitch's fast and greatest play "The City," and as David Quixano, the eccentric Jewish violinist in "The Merchant of Venice."

Palace Dunes, the French Canadian in "The Barrier,"

Grace Johnson, who assumes Nelly, has long been identified with this part, and plays it originally throughout the West and Middle West. She is a beautiful young woman whose ability is well in keeping with her enviable reputation as a finished artist.

Allura, the Indian squaw, finds in the young woman who successfully visualizes her a most capable actress in the person of Agnes Marshall has played everything from light comedy to exacting Shakespearean roles. Her career of continual success is a practical demonstration of the old adage that an "actor in his time play many parts." The difference between Miss Marshall and many other older players is that the former has always been identified with success, and has invariably enjoyed the privilege of receiving her training under the guidance of first class directors.

"The Barrier" will prove the dramatic event of the season as it promises to be the best play, cast and production ever seen in Blairmore.

Piano Contest Candidates

The following candidates for our piano contest have already been lined up, and some of them are among the busiest and most enthusiastic people in the Crows' Nest Pass: Lena Frazer, Maggie Patterson, Nora Lee, Miss Stannage, Miss Turner, Beatrice Baird and Mrs. Hilton. The grand first prize—a mahogany case Krause piano—is on exhibition in the store of the F. M. Thompson Co., and should encourage any young lady to get busy.

See the rules and regulations elsewhere in these columns.

Penalties for Speeding

Edmonton, Oct. 24.—A large number of statute law amendments were tabled yesterday. One of the most important provides heavier penalties for automobile speeding, which has been the cause of a large number of accidents lately. The penalties for first offence are \$50 fine; for second \$100 or one week's imprisonment, or both; and for third offence \$100 fine as well as imprisonment for one week to one month with cancellation of license.

Don't forget that The Enterprise can lend you counter-check books or loose account leaves at short notice and low rates.

Blairmore Syndicate Acquires Oil Area

The Blairmore Oil Syndicate have been successful in filing on a number of sections in the oil area southeast of Finch Creek, which it is believed contain the best oil cropings in Southern Alberta. The district is known to contain oil and gas, and wherever borings have been made a sufficient evidence has been found to warrant the introduction of capital and operation of wells.

The property acquired by the Blairmore Syndicate is located on the anti-cline twelve miles north-east from the Kelly oil field, thirty miles north from the wells of the Rocky Mountain Development Co., and ninety miles south of the Diagram wells, in an air-line.

At Macleod

Criminal Assizes

At the recent sitting of the Criminal Court at Macleod, the following cases were adjudicated upon, in all of which L. H. Putnam was counsel for accused:

Rev. vs. Pope. Discharged.

Rev. vs. Mudry. Charge reduced from murder to manslaughter. Dismissed.

Rev. vs. Salvador. Charge reduced from murder to common assault. Salvador sentenced to one year.

Yours truly.

Resolving. Remanded.

REMINGTON
UMCMETALLIC
CARTRIDGES

Whether your arm is a Remington or any other standard make, whatever its calibre and the load you need, you want Remington-UMC metallics—not because they are necessarily stamped with the same name as your firearm, but because they give more accurate results.

This company has been making ammunition for fifty years. We produce metallics of every standard make and size. Remington-UMC cartridge is tested in the arm for which it is made.

May we send you a booklet containing simply many of the facts about Remington-UMC. Your name and address on a post card will be sufficient.

Self-Righting Airship

The first self-righting flying apparatus invented by Lieutenant W. Dunne, a retired British army officer, underwent most successful trials on the aeroport recently in the presence of the Royal Aero Club of Great Britain, the Royal Aero Club of the French army.

Major Julian Felix, a French army aviator, was put to the test. He ascended in a high gondola which, considered too strong to face by the other aviators present.

The apparatus displayed a degree of stability which defied the gravitation of the atmosphere from all the experts' witnesses. From time to time, Major Felix removed his hands from the lever which controlled the machine to show the automatic equilibrium c. the machine, which remained on a perfect level, even when it encountered eddies, air pockets or squalls.

Practitioner Dr. Chase's Kidney-Liver Pills Best Treatment for Kidney and Stomach Troubles.

The trained nurse has even greater opportunity than the doctor himself to watch the action of medicine in specific cases.

For years the writer of this letter has been a nurse to the wife of Dr. Chase's Kidney-Liver Pills. Her patient, and I am truly convinced that no treatment is so prompt and effective.

It is the most valuable evidence obtainable, and we believe that all who know Mrs. Duffy will appreciate it to the full, knowing that she will not be the least condescended to.

Not in the least, madam, responded the astute.

Ah, she said, with a tightening of the lips; here is a plant that is declared to be a kidney and liver tonic, which to say the least, is neither natural nor probable.

Precisely, madam. You see, it's an artificial plant.

Not the lady, having paid for her purchase, went out with a flushed face, and shut the door with a slam which nearly took the glass panels off.

A Safe Pill for Sores—There are pills that violent purge and fill the stomach and intestines with pain; Pancreatic's Vegetable Root Pill is mild and effective; it is a purely vegetable, no violent purgative; entering into their composition and their effect is soothing and beneficial. Try them, they are delicious.

Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the body is well colleted, it will go off at least once a day, it decays and poisons the whole body, causing biliousness, indigestion, and many other diseases. Seltzer and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetal—regulate the bowels effectively without weakening, sickening or griping. Use

Nest on a Sheep's Back

A well authenticated story of a starling's nest on a sheep's back comes from British Bovines, near Bradford, England. The author of the article, a man, who has just returned from a visit there. During sheep shearing operations on Gordon's Farm, where in the possession of Mr. Fox, one of the shearers cut off a young starling which was in a nest that had been built in the side of a woolly sheep. The nest contained two other fledglings still alive, was composed of moss and twigs. For some weeks previous to the shearing the sheep, with others had had the run of three fields near the farm.

John D. Rockefeller, Jr. tells a story of his father's which he relates in many stories. Some times he related one to me. Not long ago he related one to me that concerned a man who had limbited, too fell into a watering trough. To the owner who came to help him out he said:

Officer, I'm the self. You have me and children.

Trifle Problems in Japan

A taxicab service on the pattern of the London cab service has been established for the city of Hakata and Fukuoka, in Fukuoka Prefecture, and is expected to be in operation soon. As the city is not yet a metropolis, the taxicabs could not be economically successful, and crowded streets would make it difficult to attain even a moderate speed, says the American consul. The Japanese, however, seem to have difficulty getting through the crowds, as everyone walks in the streets, and there are no sidewalks, and it seems more difficult to get through the crowds than should be accidents and pedestrians should be injured.

Three Inmates of Chester Workhouse

An imbecile completed a hand-crochet pattern of a salmon in Fukuoka Prefecture, and is expected to be worth \$400, although the cost of the material was an insignificant sum.

A pattern at Rockford Workhouse was completed in a week, and was composed of small squares of linen. The man designed the pattern for each square, no two alike, and then embroidered them with blue thread. The finished article was valued at \$25.

Three inmates of Chester Workhouse

one an imbecile, completed a hand-crochet pattern of a salmon in Fukuoka Prefecture, and is expected to be worth \$400, although the cost of the material was an insignificant sum.

An ex-member of the Scottish Academy, a noted school of art, painted a portrait of Carlisle Workhouse. While there he painted several landscapes which now brighten the walls of the workhouse.

The Whirlwind guardians had a most

troublesome inmate until he turned his attention to wood carving. Among other things he made an excellent chair, a table, and a polished tray.

Another man in the same workhouse made a salt cellar from a salmon in and a tray of broken glass, and an ashtray, flowers, and a soda and water bottle and bent framework.

Many clever musicians had their way to the workhouse. For several years the organist of the Workhouse

played the organ at all the services held there.

Mrs. Hiram Barnhart, Scott Judd, Ong, says: "About two years ago my old dog was struck with St. Vitus dance. She could not sleep for half an hour, no matter how hard she tried. I took her to the vet, who said start her crying. I gave her a big of the muscles in Dr. Williams' Pink Pills, which make the new blood necessary to feed the starved nerves and to renew the nourishment they are

so weak."

Avoid Negative Cough Medicines

If you want to contribute directly to the occurrence of certain diseases such as pneumonia, see cough medicines which contain codine, morphine, henbol and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is good. It will not only clear out the clogged beds or bronchial tubes for the germs of pneumonia and other germ diseases. That is why pneumonia user results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

Musings of a Merchant

"Yes," remarked a country merchant, "I certainly have a snap. Wholesale houses send duns every month and draw on me at sight, but if I send a bill to a miner he becomes swearing mad and quite trading at my store. While I am hard up for money many of those who are trading in the country are in a position to mail order houses. If I contribute money for any cause people say I am bidding for trade. If I don't they say I am a hog. Every day I am expected to dig up for everybody that comes along, from a raffle ticket to church fund, by people who, I claim, ought to do part of their trading here, but our friends, Robert Simpson and T. Eaton neither buy tickets nor help church funds and yet get cash in advance business. If I sell a pair of pants I must treat the family with candy and cigarette. If I buy a load of potatoes I must do the same. Customers who are able to pay, hand on to their money, while I pay 10 per cent. on my bill to get ready cash; I have to buy bread, flour, bacon and poor crops from those who are willing to trade with me, provided I can duplicate catalogue prices and wait until harvest for money. My scales weigh too much when I sell sugar and too little when I buy butter. I am a thief, a liar and a graftor, if I don't, I am a gump. Yes, certainly, this is a snap." And he looked over \$10,000 worth of accounts, all good, and wonders how he could raise \$50 for a sight draft due tomorrow. — Exchange.

The Only Way to
Destroy Booze

A man named Schmidt is in the police court at Sydney Mine's law days ago, stated on oath that he drank a barrel of beer and two gallons of whiskey in one night. Temperance advocates declare that a man's whole earnings may be used up in drink, but here's an example where one didn't even only cost him \$22. To make matters even worse, the judge imposed a fine of \$50, and presented Schmidt with a certificate for his ability in aiding the liquor traffic.

FEELING AFTER THE GOD OF LOVE

Divine Character Misrepresented by the Creeds.

BLACKNESS COVERS THE EARTH

Brother Russell thinks Believers and Skeptics by His Picture of the True God.—The Pastor's Early Teaching of Hell—He Became a Skeptic—His Recovery of Mind Than He Lost—God's Wisdom, Justice, Love and Power—Soul Satisfaction in None Other.

Gloucester, S.C.—
Pastor Russell preaches to-day from the text, "God so loved the world that he gave His only Begotten Son, that whosoever believed on him should not perish, but have everlasting life."

John 3:16.
The Pastor declared that the doctrine of total depravity is totally wrong. The likeness of God, which was perfect in Father Adam, still persists in some degree in all of Adam's children. "There is no one in Eden, no one is so fallen as not to have a reasonable conception of his own debasement, a feeling that he is justly out of place with his Creator, and a sense of some kind of punishment. In every human breast there is also a sentiment of pity, and a feeling of the need of Divine pity. But just that same sense of pity has been evolved by a nature god, and so with every other function of my body—the muscles, the nerves, and the power to move in this world, the thought of God. I worship the God of Wisdom and Power, confident that I would find Him good.

Crooks Drive Away From God.

While the Christians forget the atrocious misrepresentations of the divine character given by the creeds, and remember chiefly the loving words of encouragement given in the Bible, it is not so with the world. It has not yet learned that the Lord is gracious. His thoughts revert to the fact that he is a sinner, and to the teaching that eternal torment is his doom. If he can live for awhile a decent life, he imagines he will be spared the threatened torture; but when he falls again into trespasses and sins, he again escapes the world's judgment, and the love of God, his Justice, and His Love. I worshipped again, rejoiced that I could have confidence in my God, and realized that He had made neither man nor woman perfect. I had been a sinner, but the love of my God was, surely, as He gave humanity the qualities of Justice and Love, and I must measure these qualities in infinite measure.

Thus I beheld with the eyes of my understanding the great God of the Universe, the Author of the Word, the Author of Life, in His Justice, and His Love. I worshipped again, rejoiced that I could have confidence in my God, and realized that He had made neither man nor woman perfect. I had been a sinner, but the love of my God was, surely, as He gave humanity the qualities of Justice and Love, and I must measure these qualities in infinite measure.

Intelligent Peoples Most Thoroughly Educated.

My next thoughts were, "What is the just and loving God I believed in hath known? His purpose to His creatures who desired to know and do His will? The sake of my mind, when I had been so greatly deceived?"

Thinking that I had already sufficiently examined the Bible, I turned my attention to heretics, religions, only to find that the heresies in some cases were even more evident than the most intelligent peoples of the world had been the most thoroughly seduced by heretics, and their doctrines of demons, than I had ever heard of before.

Finally, I resolved on a fresh study of the Bible, examining myself first that I might not be deceived, and then I was greatly astonished to find that my friends were thoroughly broken, and my mind entirely unstrung. Not without stumbling and difficulties did I find my way, but the more I did, and yet clearer light upon His Word, until I found that the basis of all difficulty lay in our following Satan's lie, "You that are wise surely die."

From that day, entire Bible gradually became illuminated, beautiful, grand, harmonious! Now before hears, it stands pre-eminent before my eyes. The Word of God, the Word of my Saviour, Christ, who is the Light of the world, should shine unto all men.

2 Corinthians 4:4.
Even in the blessed twilight of the Apostolic times, when the Church was scattered, and the world was given up to the power of Satan, the Word of God, with which cunning did he introduce these wicked misrepresentations of God's character into the creeds of Christians, people during the Dark Ages! See Paul again, "The god of this world hath blinded the minds of those who believe not, lest the light of the glorious gospel of Christ, who is the Image of God, should shine unto all men."

And let us not forget that Satan has used Christian tongues and Christian names to do this blinding of the world. The Message of God's Love in the Word of Christ, plain and simple, was misrepresented and contradicted of that Love by our forefathers, as represented in the creeds, evidently was the inspiration of Satan, as the Apostle declared. Not only did our Adversary, who was assisted by his corps of fallen angels, as S. Paul again declares that some gave heed to seducing spirits and doctrines of demons.—

We owe it to ourselves, to our family and to the world in general to utterly destroy these blasphemous misrepresentations of God's character, the God of the Word.

And we are gradually seeing to see the real situation, how we are otherwise than indignant and grieved for the honor of our God and for the service of His Truth among our fellowmen.

The Pastor's Personal Experience.

I speak from experience. Not that I have had the experience of being an alien, a stranger from God, but I have had the experience of losing my God, and I have called him a heretic and indoctrinated along Calvinistic lines to believe that only the Elect, a handful would ever reach glory, and that all

the remaining non-Elect would need a purification torment to earn their reward in the hereafter, and experiencing the loss of God, which had provided for the salvation of the Elect.

At Y.M.C.A., a congregation of old-time members at that time, in what we called "Gospel preaching"—not realizing the meaning of the word "Gospel"—that it signified the great statement that "Having a form of godliness, but denying its power."—2 Timothy 3:5.

He is succeeded at Blairmore by F. Walker, now car service agent of the Alberta division. Mr. Uren's many friends will wish him all success.

The oil fever has struck this part of the country quite hard, and now the habit of bothering about our neighbors is a thing of the past. All conversations are on the oil subject and John D. will very likely soon have to look up to his new miniature side-kickers, and believe he is not the only man on earth who has struck oil. To raise the application fee to file on a choice section we learn that one Blairmore was obliged to sell a bed cover while in Lethbridge. Others are scraping to the bottom of their socks to help keep up the Department of Dominion Lands.

L. H. Putnam paid a business visit to Pincher Creek on Wednesday.

Rev. David Ross went to Lethbridge on Tuesday, where he enters upon a new mission.

Prices that beggar description and stagger belief, at BINGO'S.

Messrs. W. A. Beebe and J. McLeod were business visitors to Calgary during the week.

Fritz Sick, of the Lethbridge Brewing & Malting Co., spent the early part of the week in town.

Hugh Gunn, of North Fork, has been appointed Indian agent on Peigan reserve, succeeding G. H. Yeomans.

Among the estimates for 1914 passed by the legislature last week were \$1,000,000 for telephone construction, and \$900,000 for maintenance and operation, including interest.

R. W. Thompson, the manager of the Frank Wine & Spirit Co.'s store at Frank, returned on Friday last from Michigan, where he had been called owing to the sudden demise of his father.

"My little boy had a marvelous escape," writes P. F. Bascom of Prince Albert, Cape of Good Hope.

"It occurred in the middle of the night. He got a very severe attack of cramps. As luck would have it, I had just come from Chamberlain's Garage in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.

A leading barber, a hotel proprietor, a real estate agent, and a grocer engaged a special train on Wednesday for a chicken hunt. In the neighborhood of Gillingham fifty birds were run upon, and through the ability of the "bitterers" rested their bones amongst the brush on Mother Earth. The weather favored the party considerably, and they returned to Blairmore with the biggest load for the season—all game!

Bellevue Happenings

A branch of the Baptist Young People's Union was formed at the Central Baptist church on Wednesday night of this week with H. Pinkney as president and J. Sinclair secretary-treasurer. The objects of the union are similar to those of the Christian Endeavor. Meetings will be held every Wednesday night at Central Baptist church.

Eastern Collector Gives Geological Specimens

A valuable set of mineral specimens has been received by the department of Geology of the University of Alberta from Mr. Ferrier of Toronto. This is the second contribution from this well known collector to the museum of the University.

Municipal Control of Charities

The city of Los Angeles has established a commission for the purpose of controlling the organized charities of that town. From this time no organization will be allowed to collect money for charitable purposes without being subject to inspection by a municipal officer. Worthy schemes will be endorsed and collectors will be supplied with a special receipt book to prevent misuse of funds. The object of the scheme is to protect the public in the exercise of its charitable impulses, to prevent overlapping and to promote efficiency in the work of relief. The idea of endorsement of charity organizations is not a new one, but Los Angeles is said to be the first city to appoint a special civic commission for that work.

The result of the experiment is being closely watched by both friends and opponents of the scheme.

Many Millions For Good Roads and Education

In a recent speech in the Alberta Legislature, Hon. A. G. McKay said: "Our debt is pauper when compared with our assets. I would vote ready for an expenditure of \$25,000,000 instead of \$15,000,000 for 1914, and spend the extra money on roads and bridges in the outlying parts of the Province, and on extra grants to rural schools, so that every settler, no matter how remote his land from any large town, would have a good road to his nearest market, and the best educational facilities for his children. —Ex.

Chronic Diseases

The following unsignified testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic diseases: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville N. Y. For sale by all dealer.
